# Covid-19 Safety Protocol

The Swedish Parasport Federation, Swedish Paralympic Committee and the Local Organizing Committee (LOC) is glad about being able to host WPAS 2022 in Åre, Sweden. To make this possible, the LOC, in agreement with local government, health authorities and Parasport Sweden, have decided to design and implement a Safety Protocol to minimize all possible risks to an acceptable level. The main goal of this Protocol and its rules/procedures is to create a safe environment for everyone involved in the World Cup, regardless of being the athlete, official, LOC, volunteer, etc. However, this protocol does not provide a guarantee, it is only a monitoring and helps us to react as soon as possible.

**The most important and effective measures for personal protection as well as for the protection of others are:**

- Social/physical distancing (stay away at least 1,5 meter from each other)
- Proper hand hygiene
- Wearing a face mask covering the mouth and the nose
- Correct cough etiquette
- No sharing (food, towels, water bottle, etc.)

You can find the Safety Protocol on our website: <https://winterparasport.com/2022-world-para-alpine-cup-are/>

For any questions about Covid-19 management please contact [covid@veronicare.se](mailto:covid@veronicare.se)
